

# MIT IEEE/ACM NEWSLETTER

Volume 2 | Issue 1

October 2019

By **Gisella Kakoti** and **Syamantak Payra**  
MIT IEEE/ACM Historians

## IN THIS ISSUE

### PG. 2

Newsletter Introduction  
Upcoming Events

### PG. 3

September WiEECS Events

### PG. 4

A Message from the MIT IEEE/ACM  
President and Vice President

## UPCOMING EVENTS

### **What, How, and Why of a PhD**

October 10, 6-7pm in 1-135

Thinking of pursuing a PhD? Join us as we discuss doctorate opportunities with representatives from the University of Michigan.

### **2019 Undergraduate Research Technology Conference**

October 11-13 in Stata

Come check out one of the largest undergraduate conferences on campus! Students will demonstrate their research through poster presentations and lightning talks. Refreshments will be served.

## NEWSLETTER INTRODUCTION

Welcome to the second year of having a monthly IEEE/ACM newsletter!

This newsletter is a place where we reflect on the state of the MIT Course 6 community. We will showcase events that IEEE/ACM held over the past month, lay out events planned for the upcoming month, and highlight the wonderful work being done by our many subcommittees.

We hope that this newsletter is a useful and engaging resource for all.

If you have any questions, comments, or suggestions, please reach out to us! We welcome all your feedback.

– Gisella and Syamantak,  
your IEEE/ACM Historians

## WIEECS WAFFLE-MAKING

On Monday, September 30, WIEECS held a Waffle Night from 7-8PM in 5-134.

Over 30 people attended the festive waffle-making event and feasted on waffles with a plethora of toppings, from marshmallows and chocolate to cereal, Oreos, and ice cream.

## WIEECS MENTORSHIP DINNER

On Tuesday, September 24th, WIEECS (Women in Electrical Engineering and Computer Science) held their first meeting for the mentorship program.

The program pairs upperclassmen mentors with freshman or sophomore mentees within the EECS department to foster a supportive peer network.

Women from different majors spent the evening getting to know each other over dinner during this mentorship welcome event.

## A LETTER TO OUR READERS

Dear Readers,

Thank you so much for reading this year's first issue of the MIT IEEE/ACM monthly newsletter! On behalf of IEEE/ACM exec, we are excited to get to know everyone better and do our best to support the course 6 community here at MIT. We hope that you enjoyed the updates on current events in the course 6 community and look forward to upcoming events in the future.

On behalf of IEEE/ACM and the EECS department, we want to create a stronger community between faculty and students alike; it is our hope that everyone feels welcome at our events. Stay tuned for more faculty-student dinners, UROP fairs, and study breaks, as well as new workshops and freshman-oriented events.

Please feel free to contact us at [ieee-acm-exec@mit.edu](mailto:ieee-acm-exec@mit.edu) with any concerns or suggestions, and we will get back to you as soon as possible.

See you at our next event!

Warm regards,

Yuria & Michael

---

Yuria Utsumi, President

Michael Anoke, Vice-President
